

Katelyn Bento

Receptionist & Executive Assistant

As the Executive Assistant on the NAVIX team, Katelyn's primary responsibilities include providing day-to-day support to the CEO and President through travel planning, event logistics, calendar coordination, and follow-up communications with potential clients. As Receptionist, Katelyn provides administrative support to the team while serving as the first point of contact for all guests.

Katelyn grew up in Southern California and graduated from the University of Arizona with a Bachelor's Degree in Social Behavior and Human Understanding. During her time at the University of Arizona, Katelyn completed two study abroad programs. She spent six weeks during her fall sophomore semester in Paris, France, studying the French Revolution. The following year she spent her fall semester in Dublin, Ireland, where she studied Marketing & Event Management for four months. While studying abroad, she loved traveling to new places throughout Europe. Her favorite destinations while overseas were the Aran Islands, located off the coast of Ireland.

Katelyn moved to Georgia in March 2018 with her boyfriend, Thane, and their dog, Mia. They drove from Tucson, AZ to Atlanta, GA and are loving their new southern life. Before working at NAVIX, Katelyn was an events and wedding planner and still occasionally helps plan parties and events for family and friends. Outside of work, Katelyn enjoys spending time with Mia. When not with Mia, you can find her hanging out and hiking in the Blue Ridge Mountains, riding on the back of a Ducati Motorcycle, cooking and baking new recipes, and cheering on the Seattle Seahawks.
